

# **Welding Class**

**Beginning Feb. 6th, Northeast Mississippi Community College will partner with the Tippah Career and Technology Center to host a basic welding class, FREE OF CHARGE. It will be located at the Tippah Career and Technology Center and will end March 9th. The class will cover SMAW, GMAW, FCAW, GTAW and OXY/Fuel torch. Students will gain a basic understanding of each process, variables involved, various welding techniques and basic maintenance involved with each process. The class will begin at 4:00 pm and will continue until 9:00 pm every Monday and Thursday. Supplies will be furnished, but students should have leather shoes. Anyone interested should contact Anthony Hardin @ 662-416-1141. The class has a maximum capacity of 10 people, don't hesitate to call.**
