SOUTH TIPPAH SCHOOL DISTRICT DRESS CODE

PROPER ATTIRE AND GROOMING

The dress code of the South Tippah School District is not all-inclusive. It is virtually impossible to write a dress and grooming code that will properly address every detail and aspect of appropriate dress and grooming. Therefore, it may become necessary for the building principal or a member of the administrative staff to make a judgment as to whether a student is properly groomed and/or dressed. A student who is not attired appropriately or exhibits grooming which is detrimental and/or distractive to the school environment shall be asked to refrain from wearing the inappropriate attire in the future or shall be required to make arrangements for more suitable or appropriate dress. If the arrangement for more suitable clothing requires the student to be absent, it will be designated as unexcused.

It should be a matter of personal pride for a student of the South Tippah School District to maintain high standards of neatness and appropriateness of dress in appearance.

The following types of clothing/accessories will not be worn:

Pajamas/lounge pants

Transparent clothing without proper underclothing

Shorts or skorts for grades 5-12

Any jewelry and/or items of ornamentation that depicts weapons of violence or substance illegal to minors are prohibited.

Pants with holes above the knee are prohibited.

BUS CONDUCT

School transportation is a privilege extended to students who qualify under state regulations and who obey the code of conduct for bus transportation. Student and parent cooperation is imperative. It shall be the duty of passengers transported in school buses owned and operated by public school districts to conduct themselves in an orderly manner. Students who do not conduct themselves properly as set forth in the rules and regulations will not be allowed to ride a South Tippah school bus. Severe student behavior on a school bus jeopardizes the safety and welfare of the student as well as others. Severe student behavior can also result in the suspension or other disciplinary action with the first offense and can be immediate. The purpose of any rule or regulation related to school transportation is to insure the safety of our students and staff and to provide for orderly operation of school buses. In accordance with this goal, students utilizing school transportation services shall adhere to rules and regulations of the State Board of Education, and rules and regulations adopted by the South Tippah School Board.

While on a school bus, pupils shall NOT:

- Possess or use any tobacco product or intoxicants
- Fight, punch, shove, or participate in disruptive behaviors

- Use the handrail while getting on and off the bus.
- When you must cross the road to enter the bus, or after leaving the bus, always cross in front of the bus and walk approximately ten (10) feet ahead of the bumper.
- In case of a road emergency involving a bus, or the bus and another vehicle, the students are to remain in the bus, unless given other instructions by the driver.

The school bus driver is responsible to the school district to maintain order and to insure maximum safety at all times. Therefore, he/she is authorized to instruct and otherwise control students as to proper conduct and safety while they are on the bus. All riders are expected to comply fully and promptly with the driver's instructions. The driver may assign seats on the bus and the students shall sit in their assigned seat.

The school principal will be responsible for the discipline of students reported to him/her by the driver. State law prohibits any person(s), other than students or district personnel from entering a school bus. Questions and inquiries regarding disciplining should be directed to the school principal.

- A copy of the form will be sent to the parents.
- Repeated infractions may result in required parent discipline conferences. Failure to attend conference with the principal may result in suspension from the bus.

DRUG TESTING

Students in extracurricular activities are subject to random drug testing. All students in grades 7-12 may be tested based on the South Tippah School District Suspicion-Based Drug and Alcohol Policy and the Random Drug Testing Policy.

SEXUAL HARASSMENT AND OTHER HARASSMENTS

The South Tippah School District is committed to providing a work and school environment that is free from all forms of discrimination and conduct that can be considered harassing, coercive, or disruptive, including sexual harassment. Actions, words, jokes, or comments based on an individual's sex, race, color, national origin, age, religion, disability, or any other legally protected characteristic will not be tolerated. The South Tippah School District provides ongoing sexual harassment training to ensure employees the opportunity to work in an environment free of sexual and other unlawful harassment.

Sexual harassment is defined as unwanted sexual advances, or visual, verbal, or physical conduct of a sexual nature. This definition includes many forms of offensive behavior and includes gender-based harassment of a person of the same sex as the harasser.

If sexual or other unlawful harassment in the work place is experienced or witnessed, report it immediately to the supervisor. If the supervisor is unavailable or it is believed it would be uncomfortable or inappropriate to contact that person, you should immediately contact the Title IX Coordinator or any administrator in the District Administrative Office.

GRIEVANCE PROCEDURES

Every student of the district will have equal educational opportunities regardless of race, color, creed, sex, developmental disabilities, religion, or marital status. No student shall be excluded on such basis from participating in or having access to any course offerings, athletics, counseling, employment assistance, and extra-curricular activities.

Student complaint procedures for sexual discrimination, harassment, or discrimination against person with a disability are listed in the South Tippah District Board Policy and available at the district office or any principal's office (Section 504 Procedures and Title IX Procedures).

SCHOOL SEARCHES

DESKS AND LOCKERS

Desks and lockers are school property and remain at all times under the control of the school. However, students are responsible for whatever is contained in desks and lockers issued to them by the school. School authorities may conduct periodic general inspections at any time for any reason related to school administration. Inspection of individual lockers or desks may occur when there is a reasonable basis to do so and in those cases, the student or a third party shall be present.

AUTOMOBILES

When a school authority has reasonable suspicion to believe that illegal or unauthorized materials are contained inside a student vehicle, the student may be required to open the automobile, including the trunk, for further inspection.

SEARCH OF STUDENTS

A student's person and/or personal effects may be searched whenever a school authority has reasonable suspicion to believe that the student is in possession of illegal or unauthorized materials.

If a pat-down search of student's person is conducted, it will be conducted in private by a school official of the same sex with an adult witness of the same sex present.

CLASSROOM RULES

Classroom rules will be the responsibility of individual teachers. They will conform to South Tippah policies of student conduct and procedures and be formulated in collaboration with students.

VISITORS

The presence of visitors in the classroom creates distraction; therefore, **no visitors are allowed in the classroom.**

CELL PHONE/ELECTRONIC DEVICE POLICY

Beginning with the 2016-2017 school year, students will be allowed to have cell phones at school. However, the use of such phones will be governed by the following guidelines:

1. Once on campus, phones must be turned off and not in use. A phone that is 'on' is defined as being in use.
2. On campus, cell phones may ONLY be used for instructional purposes, at the discretion of the classroom teacher, and only during that instructional period. Instructional period is defined as any subject a student is enrolled in, including PE and study hall.
3. Administrators at each school have the privilege to ban cell phones from certain school sponsored events entirely such as field trips, field day, etc. Administrators at each school also have the privilege to ban cell phones from being on a person's body or to designate an area for cell phones to be kept.
4. No smart watches or electronic communication tools (such as Fitbits, Garmin Fitness Watches, etc.) will be worn at school. Failure to follow this regulation will result in the same discipline as being out of compliance with the cell phone policy.

Students are allowed to use cell phones on the bus to and from school within the following guidelines:

1. Students are not allowed to "talk" on the cell phone at any time as this could create an unsafe condition (noise) on the bus.
2. Students are not allowed to take pictures, including selfies, or record videos while on the bus as this could create a distraction leading to unsafe conditions on the bus.
3. Students are allowed to send text messages.
4. Students are allowed to use their cell phone and headphones to listen to music. This music is to be played at a level that cannot be heard by others on the bus.

No cell phone or electronic device will be allowed in testing rooms during statewide testing. Possession or use of cell phones or any electronic device during a statewide test will result in invalidation of the test and student will be referred for disciplinary actions.

If a student is found out of compliance with the cell phone policy, the student will be disciplined as follows:

First Offense: The cell phone will be taken by the principal or his/her designee until either a \$25 fine has been paid to the school activity fund or until the phone has been kept in the school's possession for 7 days.

Students under suspension shall not trespass upon any other school campus or enter into any other school building except for a prearranged conference with a principal. Additionally, students under out-of-school suspension shall not attend any day or night school function.
2. When unacceptable behavior cannot be corrected by the resource of the school, the board hereby authorized the school principal or his/her designee to suspend any student for violation of any other act of misconduct or insubordination as a final effort to influence the student's future behavior.
3. Suspension Period: The principal may suspend students for a period not to exceed 10 school days. For long-term suspension procedures as named in Levels IV and V Code of Discipline, see *Due Process* for initial steps and the Board Policy for details.

DUE PROCESS

When a student of the South Tippah School District is confronted with disciplinary action, the board and administrators shall afford him/her the safeguards of due process as required by applicable law. In any case, the student will be made fully aware of his/her rights and will be given an opportunity to present his/her side of the case prior to any action being taken by school officials.

The superintendent of South Tippah School District and the principal of a school shall have the power to suspend a pupil for good cause or for any reason for which such pupil might be suspended, dismissed or expelled by the board. However, such action of the superintendent or principal shall be subject to review by and the approval or disapproval of the board. If the parent, guardian or other person having custody of any child shall feel aggrieved by the suspension or dismissal of the child, then such parent, guardian, or other person shall have the right to a due process hearing. The parent or guardian of the child shall be advised of this right to a hearing by the superintendent or principal and the proper form shall be provided for requesting such a hearing. (Entering eleventh graders 2010-2011 ending with incoming ninth graders in 2016-2017)

In 2010, Mississippi state policymakers passed legislation to create multiple pathways to a standard diploma. The 2010 legislative actions created a career pathway to a standard diploma, with the goal of improving Mississippi graduation rates and providing students with career and technical training that prepares students for postsecondary credential or certification programs and employable workplace skills. This legislative change created Miss. Code Ann. § 37-16-17, as amended, to provide for high school career option programs and career track curricula for students not wishing to pursue a baccalaureate degree.

Enrollment in online and correspondence courses listed in this book must have prior approval granted by the principal.

Promotion and Retention in the South Tippah School District shall be based on the mastery of objectives which shall include the core skills as defined by the Mississippi Curriculum Structure. The objectives may also include skills deemed necessary by the teachers or skills that may be required by the South Tippah School Board. In no case shall a student be retained for extra-curricular purposes.

1. Kindergarten students must pass math and language arts.

SOUTH TIPP AH FAST TRACK COMBINING AVERAGES

The Fast Track is an opportunity for select students who fail the 7th grade to spend a year mastering both 7th grade objectives and 8th grade objectives in an intensive, small group setting in order to move the student on to the 9th grade and, therefore, keep the student on track.

Each student who qualifies for the Fast Track program will take Math, English, Science and Social Studies at the Oscar Shannon Building to bridge the gap between 7th and 9th grades. Each student will then return to his or her base school each afternoon to take at least 2 academic subjects, possibly 3 depending on the base school's Master Schedule. (These 2 or 3 courses will come from a group consisting of Technology Foundations, 8th Grade Math, 8th Grade ELA, 8th Grade Science, 8th Grade History, as the school's Master Schedule allows). {A student may take P.E. but that will not count as one of the 2 academic subjects}

The grades earned in classes taken at the base school will average with the grades earned in corresponding classes in the Fast Track program to award the same overall average in each of the two subjects.

i.e.-Compensatory Math at Fast Track = 75. 8th Grade Math at base school = 65. The average of those two would be 70. That 70 would then become the reported grade for each of those subjects for that grading period. This would apply to any/all Math, ELA, Science and/or Social Studies courses taken at base school.

It is of the utmost importance to do well in both the courses at Fast Track and at the base school in order to keep overall grades at a passing level. A student who does not pass all courses required in the Promotion-Retention section of the handbook, both at Fast Track and base school, will be placed in 8th Grade in the following school year and not allowed to Fast Track to the 9th grade.

INTERVENTION PROCESS

The South Tippah School District has adopted a Teacher Support Team/Response to Intervention Policy in order to fulfill MDE's mandate which follows:

State Board Policy 4300
Adopted January 21, 2005
(Revised May 18, 2007)

MDE shall require an instructional model designed to meet the needs of every student. The model shall consist of three tiers of instruction.

Tier 1: Quality classroom instruction based on MS Curriculum Frameworks

Tier 2: Focused supplemental instruction

Tier 3: Intensive interventions specifically designed to meet the individual needs of students

Teachers should use progress monitoring information to (a) determine if students are making adequate progress, (b) identify students as soon as they begin to fall behind, and (c) modify instruction early enough to ensure each and every student gains essential skills. Monitoring of student progress is an ongoing process that may be measured through informal classroom assessment, benchmark assessment instruments and large-scale assessments.

If strategies at Tiers 1 and 2 are unsuccessful, students must be referred to the Teacher Support Team. The TST is the problem-solving unit responsible for interventions developed at Tier 3. Each school must have a Teacher Support Team (TST) implemented in accordance with the process developed by the Mississippi Department of Education. The chairperson of the TST shall be the school principal as the school's instructional leader or the principal's designee. The designee may not be an individual whose primary responsibility is special education. Interventions will be:

- designed to address the deficit areas;
- research based;
- implemented as designed by the TST;
- supported by data regarding the effectiveness of interventions.

After a referral is made, the TST must develop and begin implementation of an intervention(s) within two weeks. No later than eight weeks after implementation of the intervention(s) the TST must conduct a documented review of the interventions to determine success of the intervention. No later than 16 weeks after implementation of the intervention(s), a second review must be conducted to determine whether the intervention is successful. If the intervention(s) is determined to be unsuccessful, then the student will be referred for a comprehensive assessment.

In addition to failure to make adequate progress following Tiers 1 and 2, students will be referred to the TST for interventions as specified in guidelines developed by MDE if any of the following events occur.

- A.** Grades 1-3: A student has failed one (1) grade;
- B.** Grades 4-12: A student has failed two (2) grades;

- C. A student failed either of the preceding two grades and has been suspended or expelled for more than twenty (20) days in the current school year; OR
- D. A student scores at the Minimal level on any part of the Grade 3 or Grade 7 Mississippi Curriculum Test.

Referrals to the Teacher Support Team must be made within the first twenty (20) school days of a school year if the student meets any of the criteria A-D stated above.

 - g. "School attendance officer" means any full-time employee of the youth court or family court assigned to monitor compulsory public school attendance, to investigate the nonattendance of the compulsory-school-age children and to counsel all school-age children to attend school.
 - h. "Appropriate school official" means the superintendent of the school district or his designee or, in the case of a nonpublic school, the principal or the headmaster.
2. A parent, guardian or custodian of a compulsory-school-age child in this state shall cause such child to enroll in and attend a public school or legitimate nonpublic school for the period of time that such child is of compulsory school age, except under the following circumstances:
 - a. When a compulsory-school-age child is physically, mentally or emotionally incapable of attending school as determined by the appropriate school official based upon sufficient medical documentation.

- b. When a compulsory-school-age child is enrolled in and pursuing a course of special education, remedial education or education for handicapped or physically or mentally disadvantaged children.
 - c. When a compulsory-school-age child is being educated in a legitimate home instruction program.
3. An “unlawful absence” is an absence during a school day by a compulsory-school-age child, which absence is not due to a valid excuse for temporary nonattendance, provided, however, the provisions of this subsection shall not apply to children enrolled in a nonpublic school. For the purpose of determining and reporting attendance, a pupil must be present for at least sixty-three percent (63%) of his/her instructional day, as fixed by the local school board, and defined by the student’s schedule, in order to be considered in full-day attendance.

Each of the following shall constitute a valid excuse for temporary nonattendance of a compulsory school-age child enrolled in a public school, provided satisfactory evidence of the excuse is provided to the superintendent of the school district or his designee.

- a. An absence is excused when the absence results from the compulsory-school-age child's attendance of an authorized school activity with the prior approval of the superintendent of the school district or his/her designee. Such activities may include field trips, athletic contests, student conventions, musical festivals and any similar activity.
 - b. An absence is excused when the absence results from illnesses or injury, which prevents the compulsory-school-age child from being physically able to attend school.
 - c. An absence is excused when the county health officer, the State Board of Health, or the appropriate school official orders isolation of a compulsory-school-age child.
 - d. An absence is excused when it results from the death or serious illness of a member of the immediate family of a compulsory-school-age child. The immediate family member of a compulsory-school-age child shall include children, spouse, grandparents, parents, brothers and sisters, including stepbrothers and stepsisters.
 - e. An absence is excused when it results from a medical or dental appointment of a compulsory-school-age child where an approval of the superintendent of the school district or his/her designee is gained prior to the absence, except in the case of an emergency.
 - f. An absence is excused when it results from the attendance of a compulsory-school-age child at the proceedings of a court or an administrative tribunal if such child is a party to the action or under subpoena as a witness.
 - g. An absence may be excused if the religion, to which the compulsory-school-age child or child’s parents adheres, requires or suggests the observance of a religious event. The approval of such absence is within the discretion of the superintendent of the school district or his/her designee, but approval should be granted unless the religion’s observance is of such duration as to interfere with the education of the child.
 - h. An absence may be excused when it is demonstrated to the satisfaction of the superintendent of the school district or his/her designee that the purpose of the absence is to take advantage of a valid educational opportunity such as travel including vacations or other family travel. Approval of such absence must be gained from the superintendent of the school district or his/her designee prior to the absence but such approval shall not be reasonably withheld.
 - i. An absence may be excused when it is demonstrated to the satisfaction of the superintendent of the school district or his/her designees that conditions are sufficient to warrant the compulsory-school-age child’s nonattendance.
4. If a compulsory-school-age child has not been enrolled in a school within fifteen (15) calendar days after the first day of the school year of the school that such child is eligible to attend or such child has accumulated five (5) unlawful absences during the school year of the public school in which such child is enrolled, the principal or school superintendent shall within two (2) school days or within five (5) calendar days whichever is less report such absences to the school attendance officer of the youth court or family court.

STEPS TO FOLLOW WHEN ABSENT

1. Bring the appropriate written excuse to the office on the day that you return to school (should contain your name, date, day/days of absence, reason for absence).
2. Present the note to office personnel.
3. Present your admission slip to each of your teachers for their initials as you go to class during the day.

4. Leave the admission slip with your last period teacher.
5. Be sure to check on and make up any work missed.
6. It is left to the discretion of the school to take phone messages when students are absent.

ABSENCES AND MAKE-UP WORK FOR ABSENCES

If a student has an excused absence and is allowed to make up work, it must be done under the following conditions:

1. Teachers and students should work collaboratively to arrange times for make-up work.
2. Make-up work must be requested and will be completed within three (3) days unless other arrangements are made in advance with the teacher.
3. Students are responsible for making up any missed work, tests, or projects.
4. Grades not made up will be recorded as zero.
5. All make up work will be completed before final exam week.

PARENT RIGHTS AND RESPONSIBILITIES:

FAMILY EDUCATION RIGHTS AND PRIVACY ACT (FERPA), AND PROTECTION OF PUPIL RIGHTS AMENDMENT (PPRA)

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age (“eligible students”) certain rights with respect to the student’s education records.

The right to inspect and review the student’s education records within 45 days of the day the District receives a request for access. Parents or eligible students should submit to the school principal, building administrator or his or her designee, a written request that identifies the record(s) they wish to inspect. The principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

The right to request the amendment of the student’s education records that the parent or eligible student believes are inaccurate or misleading. Parents or eligible students may ask the South Tippah School District to amend a record that they believe is inaccurate or misleading. They should write the school principal, clearly identify the part of the record that they want changed, and specify why it is inaccurate or misleading. If the District decides not to amend the record as requested by the parent or eligible student, the District will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

The right to consent to disclosure of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent. One exception that permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person or company with whom the District has contracted to perform a special task such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the District discloses educational records without consent to officials of another school district in which a student seeks or intends to enroll.

South Tippah School District may disclose appropriately designated “directory information” without written consent, unless parent/guardian has advised the District to the contrary in accordance with District procedures. The primary purpose of directory information is to allow the South Tippah School District to include this type of information from your child’s records in certain school publications. Examples include: A playbill, showing your student’s role in a drama production; the annual yearbook; honor roll or other recognition lists; graduation programs; school web pages; and sports activity sheets, such as for wrestling, showing weight and height of team members.

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent’s prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. In addition, two federal laws require local educational agencies (LEAs) receiving assistance under the *Elementary and Secondary Education Act of 1965 (ESEA)* to provide military recruiters, upon

request, with three directory information categories-names, addresses and telephone listings-unless parents have advised the LEA that they do not want their student’s information disclosed without their prior written consent.

The South Tippah School District has designated the following information as directory information:

Student’s name	Major field of study
Address	Dates of attendance
Telephone listing	Grade level
Electronic mail address	Participation in officially recognized activities and sports
Photograph	Weight and height of members of athletic teams
Date and place of birth	Degrees, honors, and awards received
The most recent educational agency or institution attended	The name/s of parent/s

Parents and eligible student may review this notice and prior to the commencement of each school year and no later than September 1 request in writing at the school site in attendance that all or any part of such information on their child not be made available to the public.

The rights under the Protection of Pupil Rights Amendment (PPRA) affords parents and students who are 18 or emancipated minors (“eligible students”) certain considerations regarding our conduct of surveys, collection and use of information for marketing purposes, and certain physical exams.

These include the right to:

- *Consent* from parents before minor students are required to participate in any U.S. Department of Education funded survey, analysis, or evaluation that reveals information concerning the following areas:
 Political affiliations;
 Mental and psychological problems potentially embarrassing to the student and his/her family;
 Sex behavior and attitudes;
 Illegal, anti-social, self-incriminating and demeaning behavior;
 Critical appraisals of other individuals with whom respondents have close family relationships;
 Legally recognized privileged or analogous relationships, such as those of lawyers, physicians, and ministers;
 Religious practices, affiliations, or beliefs of the student or student's parent; or
 Income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program.)
- *Receive notice and an opportunity to opt a student out of--*
 Any other protected information survey, regardless of funding;
 Any non-emergency, invasive physical exam or screening required as a condition of attendance, administered by the school or its agent, and not necessary to protect the immediate health and safety of a student, except for hearing, vision, or scoliosis screenings, or any physical exam or screening permitted or required under State law; and
 Activities involving collection, disclosure, or use of personal information obtained from students for marketing or to sell or otherwise distribute the information to others.
- *Inspect*, upon request and before administration or use--
 Protected information surveys of students;
 Instruments used to collect personal information from students for any of the above marketing, sales, or other distribution purposes; and
 Instructional material used as part of the education curriculum.

South Tippah School District students in grades 6-12 participate in a survey as part of the evaluation of the Safe and Drug-Free Schools Program. This is administered at the beginning of the school year in all district schools. A parent may request that the student opt out of the survey by making a written request in the principal’s office.

Physicians at the beginning of the school year provide Physical Examinations of students who plan to participate in sport-related activities. A parent may opt the student out of the physical examination and screening provided by the school if an examination is done by a physician of parent choice and record of such is provided school. Note that a physical examination is required to participate and to protect the immediate health and safety of the student/s.

The right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA or PPRA. The name and address of the office that administers FERPA is the following:

Family Policy Compliance Office
Department of Education
Independence Avenue, S.W.
Washington DC 20202-4505

Federal Regulations state that parents have the right to know the qualification of their child's teacher. The district schools will notify those parents of a student whose teacher is not highly qualified, as defined in Federal Regulations Highly Qualified Teacher Definition, or should a substitute be needed for an extended period (over 4 weeks). The district will also distribute to parents a school report card each year. Should a school, based on statistical data, be determined by the Mississippi Department of Education to be classified a dangerous school, parents will be notified. Should a Title I school, based on statistical data of student achievement and growth, be determined by the Mississippi Department of Education to be in School Improvement, parents will have the right to school choice and supplemental services as determined by the Act. The district is providing a program for English Language Learners at each school.

ABOUT THE SCHOOL-PARENT-STUDENT COMPACT

As a component of the school-level parental involvement policy, each school advisory council that is served by the Title I program has jointly developed with parent representatives a school-parent-student compact. This compact outlines how parents, the school staff, and students will share the responsibility for improved student achievement. This compact provides the means to build and develop a partnership that will help children achieve the State's high standards.

The teacher and parent or guardian is encouraged to discuss with the students the responsibilities of all groups in this shared partnership to promote productive school experiences. Your signature on the last page of this handbook signifies agreement and commitment.

SOUTH TIPPDAH SCHOOL DISTRICT INTERNET ACCEPTABLE USE POLICY

Computers in the South Tippah School District have network access to the Internet, a world-wide data highway that carries the freight of the information age, including electronic mail, digital video and sound, as well as traditional text documents. This is an incredible resource for our students. Unfortunately, there can be a down side. Some information on the Internet is not age appropriate for students. The South Tippah School District has adopted this acceptable use policy to ensure that students, parents, and teachers understand the appropriate use of the South Tippah District Network.

- A. The South Tippah District is in compliance with the COPPA AND CIPA laws. CIPA requires that the District have in place a filtering system that will block inappropriate information.
- B. COPPA requires that the District not disclose personal information about students on websites such as their full name, home or email address, telephone number and social security number. COPPA makes it illegal to transmit, or retransmit: copyrighted materials (including Plagiarism), threatening, harassing, or obscene material, pornographic material, or material protected by trade secret, and/or any other material that is inappropriate to minors.

PERSONAL SAFETY

1. Users will not disclose, use, disseminate or divulge personal and/or private information about himself/herself, minors or any others including personal identification information, etc.
2. The South Tippah School District will not disclose personal information about students on websites such as their full name, home or email address, telephone number and social security number.

EDUCATION OF STUDENTS ON INTERNET SAFETY

Each student will receive age appropriate education on acceptable online behavior. This will include:

1. The standards and acceptable use of internet services as set forth in the District's AUP
2. Student safety with regard to safety on the internet, appropriate behavior while on social networking sites or in chat rooms or email
3. Cyber-bullying awareness and response

Following receipt of this training, the student will acknowledge that he/she received the training, understood it, and will follow the provisions of the District's acceptable use policies.

ILLEGAL AND/OR UNACCEPTABLE USAGE

1. User agrees not to access, transmit or retransmit any material(s) in furtherance of any illegal act or conspiracy to commit any illegal act in violation of local, state or federal law or regulations and/or South Tippah School District policy.
2. User shall not access, transmit, or retransmit copyrighted materials (including Plagiarism), threatening, harassing, or obscene material, pornographic material, or material protected by trade secret, and/or any other material that is inappropriate to minors.
3. User shall not access, transmit or retransmit any material that promotes violence or the destruction of persons or property by devices including, but not limited to, the use of firearms, explosives fireworks, smoke bombs, incendiary devices, or other similar materials.
4. User shall not use the network for any illegal or unauthorized access, including but not limited to hacking.
5. User shall not access, transmit, or retransmit language considered offensive, defamatory, or abusive.
6. User shall not access, transmit or retransmit information that could cause danger or disruption or engage in personal attacks, including prejudicial or discriminatory attacks.
7. User shall not access, transmit or retransmit information that harasses another person or causes distress to another person.

SYSTEM RESOURCE LIMITS

1. User shall only use the South Tippah Schools system for educational and career development activities and limited, high quality self-discovery activities as approved by the South Tippah School District faculty members for a limited amount of time per week. Any information downloaded from the Internet should be related to a teacher-made classroom assignment or project. This requirement applies to any information such as computer software and not-print images. Teachers will have disks available for student use. Students will not be permitted to bring disks from other sources for use at school.
2. User agrees not to download large files unless it is absolutely necessary. If absolutely necessary to download large files, user agrees to download the file at a time when the system is not being heavily used.
3. User agrees not to post chain letters or engage in "spamming" (that is, sending an annoying or unnecessary message to large numbers of people).

4. User agrees to immediately notify his/her teacher or other school administrator should user access inappropriate information. This will assist in protecting us against a claim of intentional violation of this policy.

USER RIGHTS

1. User shall have the responsibility to use computer resources for academic purposes only. Therefore, as mandated by CIPA, filtering will be utilized on all computers accessing the Internet. The only exception will be for academic research by a staff member with the approval of the school administration.
2. The South Tippah School District will fully cooperate with local, state or federal officials in any investigation related to illegal activities conducted through the user's Internet account.
3. Under no conditions should a user provide his/her password to another person or use another person's password.
4. User should not expect files stored on a school-based computer to remain private. Authorized staff will periodically inspect folders, and logs of network usage will be kept at all times. Routine review and maintenance of the system may indicate that user has violated this policy, school codes, municipal, state law or federal law. Parents of minor users shall have the right to inspect the contents of user's files.
5. Individual schools within the district may create additional guidelines and procedures **provided** they are consistent with this policy.
6. Use of the Internet is a privilege, not a right. Unacceptable and/or illegal use may result in denial, revocation, suspension and/or cancellation of the user's privileges, as well as disciplinary action imposed by school officials.

CONSEQUENCES FOR FAILURE TO FOLLOW TERMS AND CONDITIONS OF INTERNET ACCEPTABLE USE POLICY

1. There will be consequences for any user who fails to follow the South Tippah School District guidelines and policies.
2. The consequences may include paying for damages to the system, denial of access to technology, detention, suspension, expulsion or other remedies applicable under the school disciplinary policy, and state and/or federal law. At the discretion of the South Tippah School District, law enforcement authorities may be involved and any violations of state and/or federal law may result in criminal or civil prosecution.

ANY USER OF THE SOUTH TIPPDAH SCHOOL DISTRICT INTERNET SYSTEM MUST Sign THE last page. (Any user is defined as student, student's parent and any teacher, administrator, staff, parent or community member using computers on campus.) **The student and parent must sign in the appropriate place and agree to the statements.**

To: The Parents, Guardians, Staff and Faculty of South Tippah School District

In July of 2016, our school system underwent an official AHERA 3-year inspection which was completed by a licensed asbestos inspector. The system was found to be safe and with no threat of asbestos damaging materials to our students, faculty, and staff.

In addition to the AHERA inspection, we have a surveillance check twice per year in each of our schools to determine the status since the last check was made.

We will continue the above measures to help ensure our facilities are safe for everyone to work and learn.

ATTENDANCE POLICY

Regular and punctual attendance is of the utmost importance. The greatest single cause of failure or lack of interest in school work is irregular attendance. The parent or guardian should call the school office before 10:30 a.m. the day of the student's absence. (10 parent excused per year).

If the absence is excused, the pupil will be given a slip instructing teachers to allow make-up work within a three day period after the pupil returns. Excessive absences for reasons of illness shall require a letter from a physician. All students are to be seated in their classrooms when the second bell rings. Tardies will be recorded in each class. Excessive tardies (4 per 9 weeks grading period) will result in disciplinary action. (see page D 6)

WITHDRAWAL FROM SCHOOL

Any student desiring to withdraw from school is to go to the principal's office. A withdrawing student is to report to each of his teachers, homeroom teacher, and librarian with a withdrawal form which provides a place for the following:

- (a) Return of textbooks
- (b) Charges for lost or damaged books
- (c) Current and/or withdrawal grade
- (d) Any school indebtedness

Each person involved will indicate whether or not the student has settled all accounts. One copy of the student withdrawal form when completed is given to the student to present to the next school. Another copy is filed in the student's permanent record.

Withdrawal is not official and complete until the parent or guardian has contacted the school office. Before procedure is completed, the principal will secure whatever information is necessary to complete the students record.

CLUB AND ACTIVITIES

Requirements for electing class and club officers:

1. The student must have been enrolled in the Ripley Middle School System during the previous year.
2. The student must have passed all subjects scheduled during the previous year.
3. The student's conduct and department record for the previous year shall have evidenced traits of character, personality, and leadership that reflect credit and honor upon himself, the class, or club, and the community.

CLASS OFFICERS

Each class shall elect a President, Vice-President, and a Secretary/Treasurer, Student Council Representative (boy and girl) and favorites (boy and girl).

R-TEENS

The purpose of the R-Teens club is to help middle school girls to grow as a person. In addition to working toward the goals set forth in this purpose, it is the responsibility of each girl to serve in such a way and conduct herself in such a manner to reflect honor and credit on the name of the club.

BUS REGULATIONS

School buses will load and unload in the designated area each day. Stay away from curbs while buses load. While on the school bus you are under the supervision of the driver and your conduct and responsibilities are the same as if you were in the classroom.
